FRENCH NOW IN HUN TERRITORY

Advance Into Germany And Occupation of Rhine Cities

MEET NO OPPOSITION

Germans Have Sent Note Of Protest to Allied Governments—No Replies Received.

Paris, April 7.—France and Paris in particular, responded to a near war time thrill yesterday as word came from the Rhine of the advance of General De Gouett's army, and the occupation of Frankfort and eight other cities and towns of Germany.

Editors of the afternoon newspapers telling of the successful occupation of the Rhine cities were grabbed up eagerly from the kiosks. Crowds gathered in front of bulletin boards, and the boulevard hummed with discussion of France's military measures against Germany in backing up her demand that the peace treaty must be observed and German troops kept out of the Ruhr basin.

Premier Millerand yesterday formally notified Dr. Von Mayer, the German charge d'affairs, of the action of the French Government. The Premier's note read:

"By my letter of April 2 I asked you to make insistent representations to your Government to obtain the immediate withdrawal of the German troops which unduly penetrated the neutral zone fixed by Article 32 of the Treaty of Versailles.

"My requests having obtained no result up to this time, I have the honor of informing you that the general commanding in chief the Army of the Rhine has received orders to occupy immediately the cities of Frankfort, Homburg, Hanau, Darmstadt and Dieburg. This occupation will end as soon as the German troops shall have completely evacuated the neutral zone.

Up to noon yesterday the French Government had not received a reply from Great Britain and Italy to its notification to them of the occupation of Frankfort, Darmstadt and other German cities in the Rhineland.

The supposition in certain quarters is that the communication made by Hugh C. Wallace, the American Ambassador, to Premier Millerand yesterday had some relation to this fact but nothing is really known yet to support this theory.

Bible Class Supper

St. Paul's Holds Sixth Annual Which is Attended by 50—Papers Read

The Men's Bible Class of St. Paul's P. E. Church held the sixth of its series of class suppers last night at the Parish Hall, corner of Duke and Pitt streets, where about fifty of the members of the class and their friends gathered at a beautifully decorated table and partook of a delicious menu prepared by a committee of ladies of the parish.

Dr. Klipstein, the president of the class was able to be present after a long and serious illness and made a very happy response to the hearty welcome of the class, and after a prayer of thanksgiving for his recovery by the Rector Rev. Dr. P. P. Phillips.

As is the custom on these occasions prepared papers were read by members of the class. The subjects from the Four Gospel and their authors follow:

St. Mark, by E. F. Ticer; St. Matthew by Amos E. Herbert; St. Luke by Dr. Geo. T. Klipstein; St. John by E. C. Dunn, Rev. Dr. S. A. Wallis gave a very instructive and interesting talk on the benefits from a Bible class. The affair was presided over by Urban S. Lambert, class leader.

NOTICE

Owing to the steadily increasing cost of white paper and other things that go into the production of a newspaper, the price of the Gazette for single copies at the office and at newsstands beginning April 1 will be two cents. The meeting will close with a five o'clock tea.

Mrs. Woodley has the reputation of being an excellent speaker and the gift of presenting her subject in clear and forceful language and she also possesses a charming personality.

Mrs. Lockwood also has the reputation of being gifted in many ways and with ability, it is stated, fills her difficult position.

A Birds-Eye View of the World

The slogan, "Join the Marines and see the world" might run, "Join Aviation and get a birds-eye peep at it" for there is now a fully organized aviation corps in the U. S. Marines, and since the leathernecks go everywhere, it stands to reason that sooner or later they will be taking "Peeps from 'planes' at places that some of the most confirmed globe trotters have missed seeing from the ground. The Marine Corps is the bunch that get a look at all kinds of little odd things and places and there is a good chance of getting a free ticket to a little globe-trotting expedition in case you are of proper age and can pass a good stiff physical examination.

Tonight at the Ingomar Theatre you will be given a chance to see what kind of aviators the Marine Corps turns out and up at the Richmond Theatre there is another reel which shows still another phase of Marine life. Any further information may be obtained from Sergeant Bruce at the Marine Recruiting Station at 605 King street.

WINS AUTOMOBILE

Miss Cora L. Cochran Holds Lucky Number

Miss Cora L. Cochran, was the winner of the handsome Cleveland automobile awarded last night by Alexandria Lodge of Elks No. 758. Voices were taken on this car at the recent bazaar held by the Chicago Club. The drawing took place in the auditorium of the Elks' Home in the presence of a large crowd. The lucky number was drawn by a little girl picked from the audience who was blindfolded. The car is valued at $1,500. Thousands of tickets were placed in a barrel which was given a thorough rolling before the majoralty campaign experienced number was drawn.

"Johnny J. Jones Coming."

The Johnny J. Jones exposition, a splendid aggregation of shows is coming to Alexandria for Elks Charity Fund, April 19 to 26. The show grounds will be at the west end of King street on Baggett's field. It takes 40 cars to carry the attractions of the Johnny J. Jones "Joy Plaza Attractions."

Wherever these shows have been the press have been loud in their praise. Very few shows get boasts in editorial columns, but the Johnny J. Jones Exposition is an exception to the rule.

The Memphis News-Scimeter says editorially: "That it pays to eliminate the lewd and suggestive from all his attractions is demonstrated by the fact that following such a policy has placed him today as the sole owner of the largest outdoor amusement enterprise in the world."

The entire outfit is simply stupendous in its variety of entertainment and a most noticeable feature was the absence of all boisterous conduct and the presence of women and children unattended by male escorts

J. M. DUNCAN

J. M. DUNCAN WINNER OF MAYORALTY CONTEST

Total Vote Was Duncan, 1018; Capt. Albert Bryan, 487 and W. J. McCaffrey, 119.

DUNCAN'S PLURALITY IS 412

In Contest For City Council All of the Incumbents Were Renominated—New Members of Council Chosen Are Robert F. Downham and W. C. Drury—General Election June 8—Candidates Assume Office September 1—Parade in Duncan's Honor.

James M. Duncan received the democratic nomination for mayor in the primary held yesterday. His plurality was 412 over his two opponents. His majority over Capt. Albert Bryan was 531.

The total in this race follows: James M. Duncan, 1018; Capt. Albert Bryan, 487; W. J. McCaffrey, 119.

A total of 1,624 votes were cast for the three candidates for mayor. However, about 1,644 votes all told were cast, about twenty being thrown out in the four wards because they were improperly marked. This was about 175 short of the estimate of the number it was thought would be polled which was 1,800. The total number of persons qualified to take part in the primary was about 2,200. All things considered this was, therefore, regarded as a good sized vote.

Vote for the mayoralty candidates by wards follows:

First—Duncan, 180; Bryan, 119; McCaffrey, 51.

Second—Duncan, 246; Bryan, 107; McCaffrey, 29.

Third—Duncan, 306; Bryan, 134; McCaffrey, 21.

Fourth—Duncan, 286; Bryan, 127; McCaffrey, 18.

In addition to nominating a mayor four aldermen and eight members of the common council also were nominated, one alderman being from each ward and two members of the common council. The aldermen had plain sailing being unopposed. The names of the aldermen and their vote by wards follows: First—F. F. Marbury, 313; Second—W. W. Ballenger, 389; Third—John T. Harrison, 401; Fourth—C. C. Batcheller, 424.

In the first ward the candidates for common council were unopposed and those nominated were the incumbents. There vote was E. F. Ticer, 302; J. D. Matter, 287.

There were contests on for seats in the common council in the three other wards, there being five candidates for the office in the second ward, and three each in the two other wards.

The nominees in the second ward were Jerome Kaufmann, 199 and Robert F. Downham, 148. The defeated candidates in their order in this ward ran as follows: Harvey Robinson, 121; F. C. Pullin, 111; A. D. Deeton, 30.

In the third ward the nominees were W. C. Drury and H. R. Burke, the last named incumbent. Their vote was Drury ,322; Burke, 198. George Kaus, the losing candidate, received 166 votes.

In the fourth ward the incumbents S. Devers and Clinton S. Ballenger, were the nominees. The vote was Devers, 251; Ballenger, 209; and W. S. Risdon, who was defeated, received 191 votes.

Duncan, for mayor carried every ward and his majority by wards over Bryan follows: First, 61; second, 139; third, 172; fourth, 159.

In the councilmatic election only two new members were chosen and they are Robert F. Downham, second ward and W. C. Drury, third ward. Apart from these two new members the complexion of the lower branch of council remains unchanged. They take the places of Joseph M. Armstrong and August J. Pohl who were not candidates for re-election.

A big crowd hung around the polls until the result was announced, which was known shortly after 8 o'clock last night.

Friends of Mr. Duncan staged a parade in his honor. Headed by H. W. Campbells show band several hundred of his friends got into automobiles and had Mr. Duncan head the procession up and down King street and there were more than twenty-five automobiles in line and also many walked. Red fire was used by the paraders, and afterward the nominee was serenaded at his home. As the procession passed the fire engine houses the sirens let loose adding to the din. Today Mr. Duncan is receiving congratulations on his nomination.

The democratic nomination is regarded as equivalent to an election. The election will be held June 8. The indications are that he will be without opposition. Mr. Duncan if elected will serve for a period of four years from September 1 at which time the newly elected aldermen and members of the common council will be inducted into office. Mr. Duncan will succeed Thomas A. Fisher who is completing his second term as mayor.

Mr. Duncan is one of Alexandria's progressive business men and is a native of this city where he has been engaged in business practically all of his life. For several years past he has been engaged in the livery and automobile business.

He threw his hat into the ring and the formal announcement of his entrance for mayoralty honors December last and since that time his friends have made a quiet and active campaign in his behalf. His friends urged him to stand for the mayoralty honor on the platform of a bigger and better Alexandria.

SLIPS TO DEATH

Miss Rose Gillick Victim of Accident While Posing For Camera at Great Falls

Waiting for the click of her sweetheart's camera, while she posed on a jagged rock at Great Falls, 100 feet above the Potomac River, the thin leather sole of her shoes slipped on her stony pedestal, and Miss Rose Gillick, a young stenographer of the Internal Revenue Bureau, plunged into the angry waters of the river below.

Her escort, James P. Bondurant, a patient at the Walter Reed Hospital, looked over the rocks but saw only the circlin splash. He scrambled to the water's edge, his cries for assistance swallowed in the roar of the rushing torrent.

Miss Mary Clark, of Takoma Park, standing on the Maryland side of the river, saw him rushing frantically up and down the oposite shore, but the barrier that day between permitted only unintelligible motions.

Bondurant finally rushed to the park neighboring the Great Falls Inn, when he found John Meeks, caretaker and the two ran to the river.

ALEXANDRIA'S NEW MAYOR

As had been generally conceded almost from the time the polls were opened yesterday, James M. Duncan was an easy winner in the primary election for Mayor of this city. His majority far exceeded that of any candidate in a party contest in Alexandria in the memory of the oldest inhabitant. His main competitor, Albert Bryan, was was defeated by a majority of between four and five hundred. William J. McCaffrey, who was also a candidate for the position of chief executive of the city, received a complimentary vote.

While the friends of Mr. Bryan looked upon him as the logical candidate for the position from the fact that he has spent much of his manhood in filling complimentary positions—notably as a member of the Common Council and chairman of the finance committee, at times during the past twenty years, which calls for considerable labor with the additional burden of a great responsibility—the suffragans did not lose sight of the fact that there are always more than one good man in Rome. A large percentage preferred Mr. Duncan for the position of Mayor. But the gentleman who came out second best in the contest will lose none of the confidence of his supporters and stands noble in defeat.

Mr. Duncan, the successful candidate, has since early manhood been justly regarded as one of our most active and successful business men. In his early years he was entrusted with a responsible position by the Southern Railway Company, which required all his mental and physical powers. He was faithful to his trust, and there took his first lessons in executive responsibility. His qualifications for the position to which he has been called are recognized by all.

It was a party fight, a friendly contest, and the supporters of the other candidates, like good democrats, will take pleasure in voting for Mr. Duncan in the general election which is to follow.

Mr. M'Caffrey, now a member of the Common Council from the first ward, and who received what may be termed a complimentary vote, is still young. His time may yet come.

The contest is over, let prejudices and present preferences be forgotten and let's all stand together behind Duncan for a bigger, better and still more prosperous and progressive Alexandria.

FRENCH TAKE PRECAUTIONS

It is suggested that no instructed and impartial observer of events, if he be possessed of ordinary intelligence, will question either the rightfulness or the expediency of the course which the French Government, in its treatment of the Ruhr situation, has reluctantly been constrained to pursue.

There is reason to suspect that the gravity of the disorders which have taken place in the Ruhr region has been greatly exaggerated in order to furnish a plausible pretext for a lawless procedure which was actuated by very different motives than the innocent ones proclaimed and which had such an ulterior object as could not safely be avowed. However that may be, it has not shown that so large a force was needed for the purpose which has been alleged, or that the local authorities could not have restored order with the resources at their command.

It is obvious that the French Government, in view of the emergency confronting it, and doubtless with a knowledge of other portentous facts which the public does not possess could not, without a flagrant dereliction of duty, have refrained from taking the precautionary measures which the safety and welfare of the country to which it is responsible so plainly and imperatively demanded. It was bound to answer the insolent German challenge with an unequivocal and vigorous assertion of its rights and in doing so to give notice of its determination to insist upon the discharge by a treacherous and unreconstructed enemy of the obligations which he has assumed.

RELIC OF THE LONG AGO

An interesting document found at the Harrison county, W. Va., court house by a firm engaged to renovate old records is a copy of an indictment returned July 5, 1856, against Horace Greely, publisher of the New York Tribune. The bill declares that Greely committed a felony by causing to be distributed in what was then a part of Virginia copies of the Tribune containing articles on the slavery question. "The object and purpose of which was to advise and incite negroes in the State to rebel and make insurrection and to inculcate resistance to the rights of property of masters in their slaves in the State of Virginia."

The above brings to mind events in the history of Alexandria sixty years ago. At that time, when sectional feeling was at its height, it would not have been advisable for any one to offer copies of the New York Tribune or Hinton Rowan Helpers's "Impending Crisis," for sale in Alexandria. The Weekly Tribune was virtually smuggled into this city. At that time an Englishman, a believer in the perpetuity of the American union, conducted a book and periodical store opposite the old Gazette office, on Prince street. He received copies of the Weekly Tribune, and his wont was to place them in wrappers and deliver them. Several white men and negroes were his customers.

At that time, when Helper's book was not allowed to appear south of Mason and Dixon's line, there was considerable curiosity to see a print which otherwise would have attracted but little attention. The writer recollects seeing but one copy and that was being perused by a middle-aged man, a stranger, on a train between this city and Washington. He was not molested.

THE SIR MULBERRY HAWKS

The name used at the head of this article will bring to mind one of the prominent characters in Dickens's "Nicholas Nickleby." Like other libertines, he regarded all women as special creations for his conquests.

A millionaire, prominent throughout the world, died many years ago in a western city. He left a beautiful and talented widow. Some time after the death of her liege lord she said:—Mr. — looked upon a woman as he did a horse or dog. He wanted the best specimens of the dumb creation as well as the most fair of women.

The trial of Mrs. Mittie Jester Cummings at Hampton, Va., for the murder of her husband, brings to mind much fiction and much truth. She took the stand yesterday, when she gave a pathetic account of her meeting with Gordon Cumming and her subsequent trials and tribulations. Among other things she said:

"I met Gordon Cumming at Buckeye Beach. He was wealthy and stood high socially while I was poor and uneducated. I had been warned against him, but he told me soon after our meeting that he could not live without me. "Your beautiful brown eyes are life to me," he said. He drugged and betrayed me. He cast me into the world with our child. He beat me. He had me thrown into jail repeatedly. He stole my son after the court had given him to me with $5 a week alimony to care for the two of us."

Mrs. Cumming described the privations she and her son endured while they were trying to live on the $5 a week allowed them by Cumming. She declared that during January and February she and the child almost froze to death and that often they were entirely without food.

A JUST SENTENCE

Despite a plea of leniency from the jury, for two of them, the seven men found guilty of the Centralia murders have been sentenced by the court to terms in the penitentiary of not less than 25 nor more than 40 years. The motion for a new trial was denied, but the counsel for the defense gave notice of appeal. That every legal technicality will be employed to remit or reduce the sentences may be taken for granted. But in few cases has the desirability of prompt justice been more apparent.

It will be recalled that the victims of the murderous assault these defendants committed were returned service men taking part in a parade of welcome. They were killed, not because of any personal animosity, but because they were the uniform of the United States and had fought in France. The affair was a startling demonstration of the hatred for patriotism cherished by the radical element. It is inconceivable that the participants should be allowed to escape a fate richly deserved.—(Philadelphia Inquirer.

CAFE WAITRESSES QUIT

Order Against "Paint and Powder" Brings Quick Action in Fairmont

Fairmont, W. Va., April 6.—While the Watson Hotel Cafe was crowded with diners Sunday, the force of waitresses and girls employed in the kitchen quit work. The strike followed the issuance of an order by the management that "waitresses shall not paint or powder their faces in the dining room and must not sit down during business hours; that all employes shall pay for the dishes they break and that no employe shall consume more than 50 cents' worth of food at each meal.

Corbin Aumiller, proprietor of the cafe, was compelled to rush the members of his family, including his wife and daughters, into the breach in an effort to serve the patrons, but this furnished only partial relief.

NAMES REPUBLICANS

Washington, April 6.—President Wilson yesterday designated Charles E. Lobdell, Kansas, Republican, as commissioner of the Federal Farm Loan Board, succeeding George W. Norris, who resigned to become governor of the Philadelphia Federal Reserve Bank.

W. P. Joyce, formerly president of the Federal Land Bank at Berkely Cal., took up his duties as a member of the board. Mr. Lobdell has been a member of the board since it was created.

BRITAIN WON'T JOIN

Paris, April 6.—The British government will decline to cooperate in the occupation of Frankfort, Darmstadt and other German cities, according to the London correspondent of the "Petit Parisien," but will, he says, "favorably follow the action of France, realizing the importance of the situation."

Free Yourself From The Pangs of Rheumatism

The Right Treatment Will Break Your Shackles.

You who are afflicted with Rheumatism know from experience just how excrutiating the pangs of the disease are. You know also, if you have had rheumatism for any length of time that there is no real relief to be expected from the use of liniments and lotions.

Rheumatism is a stubborn disease, and its pangs and pains cannot be wiped out as if by magic. A disease that is so full of torture and renders so many people absolutely helpless, is a deep-seated one; it is not on the surface, hence it cannot be reached by external, surface remedies.

Lotions, liniments and ointments applied to the surface may in some cases deaden the pain for the time being, but until you attack the disease at its foundation, you are making no progress toward a cure. Many forms of Rheumatism are caused by millions of tiny germs that infest the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

In fact the longer you delay treating the disease through the blood, the further you are getting from ridding yourself from the disease. And because so many people treat the pain, and not the disease itself, is one reason why Rheumatism increases in severity year by year.

The most satisfactory remedy for Rheumatism is S. S. S., because it is one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of all impurities, and is a sure antidote to the germs of Rheumatism. Being purely vegetable, without a particle of mineral or chemical in its composition, it works by eliminating and forcing out of the blood all impurities, acting as a tonic to the entire system at the same time. It has been used for more than fifty years, and scores of sufferers from Rheumatism give it unstinted praise.

S. S. S. is sold by druggists everywhere, and any of them will tell you that it is a thoroughly honest and reliable old remedy. You are invited to write our medical department for full information and advice about the treatment of your own case, for which no charge is made. INTEREST IS SHOWN IN FIGHT ON MALARIA

Several Virginia Communities Decide to Take Part in Draining Campaigns

With a clearer understanding of the causes of malaria Virginia is experiencing a new interest in methods to eliminate the disease and to free its citizens from the exceedingly serious consequences of its prevalence.

Malaria would no longer be transmitted from one person to another and must disappear eventually should the carrier of the disease, the anopheles mosquito, be exterminated. The fundamental principle of malaria prevention is, of course, the destruction of the breeding places of these disease carriers. They do not breed in live streams but in standing water, whether such standing water be in stagnant ponds unscreened rain barrels or even in cans about the premises.

Detailed surveys have been made recently with a view to the elimination of malaria in several Eastern Virginia communities and some of these have already agreed to contribute, along with the state board of health, and the international health board, to the expenses of drainage campaigns.

The anopheles mosquito is not the originator of malaria, but is the only known means of carrying the disease from one person to another. The insect sucks the blood of a person already infected and, in due course of time, in enjoying a meal at the expense of another individual deposits the infection in the blood of the second party. Hence, in inaugurating anti malaria movements, it is essential that all persons whose blood tests indicate the presence of the germ should take systematic quinine dosage for several weeks to eliminate the germs from the systems. Otherwise all the drainage that may be done will do their individual cases no good.

OPPOSED BY CHURCH

Members of Congregation Ask Legislators to Defeat Boxing Act

Wilmington, Del., April 6.—St. Paul's M. E. Church has adopted resolutions opposing the passage of the boxing bill now before the Legislature and which has passed the lower house.

Members of the church will send letters opposing the measure to the members of the Legislature. The bill is the same in most respects which is in effect in New Jersey and it is said by those who have proposed the measure that it fosters a legitimate sport and will bring revenue to the State treasury.

On the other hand, the church people hold that the measure is not desirable and that boxing exhibitions are not wanted in Delaware. Efforts have been made at every Legislature for several years to pass such a bill, but have always failed.

PROFESSOR COOKS HIS OWN SUPPPER

An assistant professor who cooks his own supper in order to cut down living expenses; a migratory professor who has been forced to move every time his rent was raised, and a professor who has been "skidding" financially for the last year because his income would not meet the outgo, are revealed by a survey of University of Cincinnati faculty budgets just completed.

One assistant professor, it was shown by the survey, has a salary of $1,200 a year. To obtain proper clothing and buy the technical books and publications he requires, it is his custom to cook his evening meal, the principal one of the day for him.

An assistant professor who is now earning $2 400 a year has a wife and two children. His rent is $47 a month; food consumed in the household, eliminating all but the absolute essentials, is $55 a month. This means that he has been unable to keep out of debt, although outside work was secured to help meet the situation.

When his rent was raised from $35 to $40 a month, another faculty member, whose salary is $1 800, moved, only to be confronted with the same necessity when his rent was again raised shortly after he occupied his new apartment.

Should it happen again, the assistant contemplates the obtaining of a moving van as a permanent dwelling place, for he can find no other.

Many other similar cases were cited in the survey.

15,000 to 18,000 Packing House Hands Thrown Out by Strike

Chicago, April 7.—Between 15,000 and 18,000 packing house workers were thrown out of employment yesterday by the unauthorized strike of switchmen in the Chicago switching district.

A. F. Whitney, vice president of the Brotherhood of Railway Trainmen, announced that approximately 1,000 union switchmen from other cities had arrived to replace strikers and that an additional 1,000 were on the way. Another 24 hours, he said would see an end to the walkout, which had largely halted freight movement.

Characterizing the strikers as "renegades" and denying that the question of wages was involved in the walkout, W. G. Lee president of the Brotherhood, issued a statement in Cleveland today giving sanction to any measures found necessary by the union "regulars" to restore normal conditions.

Railroad office employes went into the yards yesterday as an emergency crew and handled about 20 per cent the 5,000 cars moved normally each day in the Chicago district.

29 BARRELS ALCOHOL STOLEN

Seven Armed Bandits Take Shipment on Way to New York

The theft of twenty-nine barrels of alcohol valued for beverage purposes at $40,000, and for medicinal purposes at $10,000, was reported to the Detective Bureau yesterday afternoon by Harry Publiker, owner of a distillery at Water street and Snyder avenue.

Two of his workmen, according to Publiker, were surrounded by several armed bandits on a secluded roadway early yesterday morning as they were reaching the outskirts of Langhorne, Pa., in a motor truck.

The alcohol, which the owner declared was being shipped to New York, where it was to be used for medicinal purposes, was removed to another truck by the highwaymen, who forced Publiker's driver and helper to turn their machine toward Philadelphia while they drove away in the opposite direction.

IGNORE SUMMONS

Kansas Industrial Relations Court Slighted by Insubordination

Pittsburg, Kansas, April 7.—Five officials of District No. 14, United Mine Workers of America late yesterday refused to obey summons to appear before the Kansas Industrial Relations Court upon an order issued by Judge A. J. Curran, of the District Court.

President Alexander Howat, Vice President August Dorchy, Secretary Thomas Harvey, Traveling Auditor Thomas Cunningham and Auditor B. B. Foster were the five men. Mr. Howat made the following statement last night.

"We officials of the United Mine Workers of District No. 14 do not recognize this industrial court. Let its members go down into the mines and dig coal and learn the business the same as we did. If they do not know the coal mining business they are unfitted for the position and are wholly incompetent. Instead of a court composed of politicians and corporation lawyers, drawing a salary of $5000 a year, the men should have been chosen from the industrial ranks as the judges who are competent to deal with the questions in hand.

"We may be dragged into court, but we will absolutely refuse to answer any questions, as we do not recognize the court's authority or existence."

The summons were issued following a strike of coal miners in two Kansas counties. Howat declared Monday between 1500 and 20000 miners had struck, "of their own volition," in protest against the recent wage award of President Wilson's Coal Commission.

Alexandria People Should Ask Themselves This Question.

Don't say: "It's just a cold."

It may turn into backache, rheumatic aches, achy joints.

Congestion makes the kidneys over work to filter the blood.

Colds often leave the kidneys weak.

First break the cold;

Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Alexandria resident tell you about them.

Mrs. Walker Campbell, 707 Pendleton St., says: "I caught a cold and it settled in my kidneys. I had such pains I could hardly catch my breath sometimes. When I bent over it was hard to straighten again, the pain was so bad. My kidneys acted very irregularly esepcially at night. SCOPE OF VOLSTEAD ACT

Judge Waddill to Hand Down Important Decision Tomorrow

Richmond, April 7.—Judge Edmund Waddill, of the United States District Court, will make an important ruling today relative to the effect the operation of the Volstead national prohibition act has upon the internal revenue laws that were on the statute books prior to the dry regime.

At the same time, he will hand down an opinion as to the rights of defendants whose property has been seized by Federal officials in the enforcement of the liquor laws.

The case in point is that of John M. Hewlett, who pleaded guilty yesterday to an indictment charging violation of the prohibition statute. Judge Waddill continued the case until Wednesday, after Leith S. Bremner, attorney for Hewlett, had brought out the fact that the automobile in which the spirits were found has been sold, at the direction of S. R. Brame, internal revenue agent and enforcement officer of the Volstead act in six Southern States.

Judge Waddill said the general rule is that no property seized by the government because of the alleged infraction of the law by the owner, can be disposed of until the court has passed upon the case against the accused and decided his guilt or innocence. In the meantime, he said, the government becomes the custodian of the property so seized.

Mr. Brame contended, in a statement before the court, that the law provides for the sale of property so seized, when the person from whom it was seized makes no claim to it, declines to execute a bond for twice its value and the fact of intended sale has been advertised for a given length of time. This, he declared, is a statement of the facts in the case of Hewlett.

To a statement by Mr. Brame that not more than 1 per cent of the liquor cases brought in the Federal courts would be for violation of the Volstead act, but of the internal revenue laws, Judge Waddill replied he had believed that the prohibition Statute had just about replaced the old revenue laws.

The judge finally said he would go over the whole matter, as to the right of officers to sell seized property before conviction and as to the relation of the Volstead act to the revenue laws, and hand down a definite ruling probably on Wednesday.

GALE UNROOFS HOUSES

Parkersburg, W. Va., and Marietta, Ohio, Swept by Storm

Parkersburg, W. Va., April 7.—Many houses were unroofed, trees uprooted and wires and poles blown down by a gale which struck this city late yesterday.

The high winds also swept Marrietta, Ohio, near here, but reports from that city last night indicated that the daamge was not serious.

SIBERIAN PORT SEIZED

London, April 7.—Japanese troops have occupied Vladivostok after 8 hours' fighting, a dispatch received here says.

Russian social revolutionaries took control of Vladivostok early this year after defeat of Admiral Kolchaks all Russian anti Soviet government.

The city has been at the mercy of Japanese forces since that time but the Japanese apparently had acquiesced in the revolutionaries' plan to turn the administration over to representatives of the Russian Soviet government in Moscow. The reason for Japanese occupation was not made clear in the dispatch.

GAS TANK EXPLODES

Camden, N. J., April 7.—Two men were killed and another seriously injured when a gas tank in the Neel Cadillac garage exploded here yesterday.

The dead are: William Broddock, Linden Wold, N. J.; George Landenberger, 35, Philadelphia, John McCaffrey, 25, Stratford, N. J., was injured.

The explosion occurred while Landenberger, assisted by two garage employes was mending a leak in the tank. Broddock's head was blown off. Landenberger, whose left arm was blown off, and McCaffrey, were blown more than ten feet by the rush of air.

PLAYS WILLIAM TELL

South Norwalk, Conn., April 7.—George Frederick, 8 years old was shot in the head yesterday while playing William Tell with schoolmates. George, posing as the son, faced a modern William Tell, who was armed with a toy rifle instead of with bow and arrow. The bullet missed the apple and penetrated the boy's brain.

CITY OWNED CAR LINE

Detroit, Mich., April 7.—The plan of Mayor James Couzens for a $15,000,000 municipality owned service to be run in competition with the Detroit United Railway system carried 89,285 to 51,095, on the face of practically complete returns in an election yesterday.

Experiments are being conducted at the Ford Motor Company's plant on a street car driven by a gasoline engine, which if successful, will be used on the municipal lines.

Mayor Couzens held that the United Railway System had a franchise to operate only electric cars.

GLAD TO TESTIFY

Says Watoga Lady, "As to What Cardui Has Done for Me, So As To Help Other."

Watoga, W. Va.,—Mrs. S. W. Gladwell, of this town says: "When about 15 years of age, I suffered greatly, sometimes would go a month or two, as I had terrible headache, backache, and bearing down pains, and would just drag and had no appetite. Then it would last two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others.

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

VIRGINIA NEWS

Not a single coal dealer in Richmond has been offered a contract for an ounce of coal by mine operators thus far this year. Although, without fail, for many years past all contracts for the year have been signed by March 1 and become effective on April 1, not a dealer has any coal contracted for the coming year. There is less coal in Richmond at the present time than there has been at any date in th past thirty years.

Frank Jenkins, an 18 year old white youth, was indicted Monday by the grand jury of the Circuit Court of Henrico county for the murder of 12 year old William Martin, whose lifeless body with the head crushed in by some heavy instrument, was found on the road near Laurel on February 23. Jenkins had been cutting wood in the vicinity on the day of the murder and after a grilling examination was arrested. The boy confessed that he had struck young Martin several times with an axe. Jenkins is said to have advanced no reason for the horrible crime, other than to say that he wanted to kill him and couldn't help it.

Confronted by an armed and apparently insane farm hand Monday morning, Adolph Osterloh, Jr., vice president of the United States Tobacco Company, Richmond, managed to save himself and Mrs. Osterloh from injury, but sustained accidental inuries which almost cost him his life. Harry Hunter, employed on the summer home of the Osterlohs, which is located on the James River about seven miles from Richmond, is being held in the Henrico County jail. A commission of lunacy will probably investigate his mental condition.

The April grand jury in hustings court in Richmond has been informed by Commonwealth's Attorney Wise that information has reached him indicating that Richmond laundries recently entered into a price fixing combination when laundering was boosted from 3 to 4 cents apiece Investigation is expected. It is a violation of the Virginia antitrust law for firms to enter into an agreement as to prices.

William B. Hamrick, 40 years old, of Staunton, salesman, was killed Monday when the automobile in which he was riding ran down an embankment near the North River depot. D. L. Swartz, of near Dayton, the driver of the car, was injured probably fatally. Swartz's 5 year old son escaped with bruises. Hamrick's skull was crushed when the car turned over. Defective steering gear is said to have been the cause of the accident, the car plunging over a fifteen foot embankment at the approach of a bridge. Swartz was returning home when he overtook Hamrick, who was walking, and asked him to ride.

Arthur L. Warthen, Front Royal lawyer and former political ally of the late Senator Thomas S. Martin, is being urged to enter the race for State Democratic chairman against Rorer A. James, of Danville, the present chairman.

Affirming the decision of the Norfolk District Court, the Federal Appeal Court sitting in Richmond yesterday held that W. B. Tredwell, a stevedore of that city must serve a term of ten years and pay a fine of $25,000 for robbing the government of thousands of dollars worth of nitrate of soda during the war.

If reforms in the cost of living, the taxation of capital and industrial conditions are not adopted at the present Parliamentary session, they will withdraw.

BURNED TO DEATH

Boy, 5, Trapped in Blazing Home; Mother Rescues Sister

Williamsport, Pa., April 7.—Frank Miallo, aged 5 years, was burned to death Sunday evening when his home at Ralston was destroyed by fire. Missing Frank and his little sister and becoming alarmed at their silence, Mrs. Miallo started to investigate and upon opening the door of the room in which the children were, she found the room in flames.

She caught up the little girl, but the boy ran from her to a window and she was unable to follow him. The house was completely destroyed, and the charred remains were found in the ruins.

FEELS INDEBTED

TO CHASCO-VIN

Writes His Thanks

"I feel so very much indebted to Chasco-Vin, that I would like to tell other sufferers of my experience with Chasco-Vin.

I suffered with a cold all Winter and was badly run-down. I was not able to eat and could not do my work properly, but since I have taken Chasco-Vin my cold is entirely gone. I am gaining weight and am able to work better than ever.

After trying many so called tonics I find that Chasco-Vin is the best I have ever used."

G. W. Johns, 903 Jersey Ave., Elizabeth, N. J.

Chasco-Vin drives away that tired feeling, increases the strength and adds to the weight of all those who are puny and run-down.

The only Chasco-Vin agency in Alexandria is Edgar Warfield, King and Pitt Streets.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

SPRING FESTIVAL

Campbell Shows Draw Large Crowds

Last night found Colross lot thronged with a merry crowd, eagerly enjoying the splendid amusements offered by the H. W. Campbell United Shows.

The shows are varied, and cover almost every novelty of the circus, and outdoor field of entertainment. Wild animals, high school jumping horses, that amaze one with the intelligence and cleverness in which they perform their difficult stunts; wild west performances that lend a thrill to the onlooker as they present their dare devil acts with a wild abandon that never fails to win the merited applause. Then there is a congress of curious people gathered from all corners of the universe, so the gentleman Barker put it. The lady with the thousand eyes, Happy the armless wonder, Blinky Blink, the living Seal boy; Leona, the girl of mystery, that reads one's mind; a magician that keeps one guessing with his cleverness in producing the almost impossible. Creation, the show beautiful with a bevy of graceful young girls give a most pleasing and artistic performance.

The Colored Minstrels, where "Jazz" prevails seemed to be a most popular show, as it sent the patrons away with an expression of evident satisfaction. There are rides suitable to the varied and critical tastes of those seeking that form of relaxation. A merry-go-round, a Toboggan Carousel the Whip, with its shivers and shakes, an aerial flying boat and giant Ferris Wheel were kept in an almost continuous motion for the clamoring crowd of merry makers. A Cyclodome with death defying riders an Athletic show, and the Society Cabaret were other attractions that were receiving a share of worthy patronage.

These attractions will remain throughout the current week and will give performances every afternoon and evening.

This afternoon the local public were treated to a street parade that was pretentious both in size and novelty. There will be given each afternoon and evening free concerts band Jesperson's American Concert band, assisted by Harry H. Young in vocal selections.

Admission is free to the show grounds where performances begin promptly at two-thirty, and seven-thirty.

URGES MINIMUM WAGES

Gompers Says Employers Who Can't Pay Should Make Room for Others

New York, April 7.—Samuel Gompers, president of the American Federation of Labor, pleaded for a minimum wage for workers in an address at an editorial conference of New York trade and technical papers yesterday.

"No employer should be allowed to continue unless he is in a position to pay his employe a minimum standard wage," said Mr. Gompers. "Such an employer ought to get out at once and give some one else a chance who can put the business on a paying basis."

Gompers defended the labor group in this country and said that, while it is not infallible, at the same time it had made less mistakes than any other group measured in numbers. The American Federation of Labor, he said, was organized thirty-nine years ago with 50,000 workers in all parts of the country, and has grown against odds to 4,500,000 and soon would number 5,000,000.

A pursuing posse sighted the car with the bandits at Glasgow Junction, five miles away. In the midst of a fuisilade of bullets the robbers abandoned their car and fled to the hills.

The region abounds with caves and offers innumerable places of refuge. Bloodhounds accompanied the posse.

DEFERRED WORK ADDS TO RAILROADS' TASK

Large Capital Expenditures Required, Says Hines—Impossible to Do All Now.

In order to keep pace with the growth of business and production in this country and the demand for increased transportation facilities an enormous amount of railroad work must be done in the next few years which will require the investment of billions of dollars of new money. This is essential not only to maintain the railways at their normal high standard of service and efficiency, but also to make up for ordinary expansion and improvement needs on existing lines which were interrupted by the war and to a large extent deferred altogether.

Railroad managers realize that even if the necessary new capital was available it would be practically a physical impossibility for the railroads to accomplish any large part of this delayed and accumulated work during the present year. Consequently the most vital needs of the railroads will receive first consideration in the plans for the immediate future so that the public demands in the months of heaviest traffic may be served as efficiently as possible.

Vast Amount of Work to Be Done.

Walker D. Hines, Director General of Railroads, under government control, emphasized this task facing the railroads after their return to private operation in a letter to Senator Albert B. Cummins, chairman of Senate Interstate Commerce Committee, and Representative John J. Esch, chairman of the House Committee on Interstate and Foreign Commerce. Mr. Hines presented this phase of the railroad problem to them in urging the necessity for pressing the railroad legislation and to point out that delay would "seriously impair the public service by virtually suspending improvements and the acquisition of equipment."

"In order to keep abreast of the growth of business in this country," wrote Mr. Hines, "it is indispensable that railroads should continue to spend large sums in the acquisition of new equipment, the enlargement and unification of terminals and the construction of additional main line tracks, longer and more numerous passing tracks etc.

EXAMINE OUR GRADES WHEN CONSIDERING PRICES.

With prices on Lumber and other Building Materials at their present levels, there are many items in the lower grades which can often be substituted satisfactorily and at a considerable saving.

We have become so much impressed with the possibilities of doing this to advantage that we are exercising the greatest care in buying only from those mills who pay the closest attention to the manufacture and grading of their lower priced stocks.

We ask our customers to examine these grades when buying as we believe they will find some excellent values, and a knowledge of what a carefully selected lower grade really is will often prevent the buying of a so-called higher grade at a little under the market price for the high grade, when it is actually a lower grade and can be bought as such.

Dress Ginghams

Slightly Damaged in the Loom, But Splendid Quality Going at, a Yard 38c

Through some slight damage to the loom these ginghams were injured by a puncture every now and then all along one side, but as they are 32 inch ginghams, even allowing for the damaged edge you will have the regular width gingham—27 inches wide—at much less than this quality would sell for if perfect

They are all the season's most wanted patterns and color combinations, in checks, plaids and stripes.

THEATRES

RICHMOND—Eugene O'Brien

Romance, comedy, drama, and all the glamour of an ancient feudal castle in the Swiss Tyrol are included in the new Selznick picture, "A Fool and His Money," adapted from George Barr McCutcheon's story and starring Eugene O'Brien, which will be seen today at the Richmond theatre.

Mr. O'Brien appears as John Bellamy Smart, an American author, who buys a castle and finds one of its towers inhabited by a "ghost." After an investigation and developments which include a fight with a villainous count and a chase over a range of hills, Smart takes the "ghost" back to the United States as his wife.

Director Robert Ellis picturized many enchanting bits of scenery for the production. The "beautiful blue Danube" is represented with castles, mysterious hiding places, winding highways, shrubbery and snow-covered craggy eminences.

In presenting the castle interiors scrupulous attention to historical detail was observed, and they make a setting both accurate and glamourful.

INGOMAR—$30,000, With J. Warren Kerrigan

J. Warren Kerrigan, the idol of romance, is again in our midst with another of his splendidly produced Root, Branton pictures that have won him a place in the esteem of picture fandom held by no other male star of the screen. "$30,000" a screen adaptation of H. B. Daniel's story of breathless adventure, is the popular star's latest W. W. Hodkinson release and his loyal local following is certain to find him more appealing than ever during the presentation of it at the Ingomar Theatre tonight.

A Kerrigan cast is always uniformly good, but rarely has the handsome hero been accorded such splendid cooperation from so able an assembly of players as in "$30,000". Vivacious Fritzi Brunette, who has won the distinction of having appeared opposite the star more often than any other leading woman, shares the laurels with Kerrigan throughout.

MRS. CUMMINGS TRIAL

Victim Met Accused When She was Girl, and Was Drugged and Despoiled

Hampton, Va., April 7.—Mrs. Mittie Jester Cummings, who was placed on trial in the Elizabeth City County Courthouse yesterday morning for the murder of her husband in February last, pleaded "not guilty" to the charge. Her attorney, Richard Evelyn Byrd, of Richmond, in his opening statement to the jury, stated that while the defense did not deny that Mrs. Cumming fired the shots from the effects of which Cumming died, she was "absolutely irresponsible in the eyes of God and in the eyes of man for what she did."

Mrs. Cummings, he said, when she was Mittie Jester, had been drugged in the Commercial Hotel, Newport News, by the deceased more than 10 years ago, after he had solicited an introduction to her at Buckroe Beach, where he was attracted by her youth and beauty. While she was in an unconscious condition, he charged, Cumming had her carried to a room, and there despoiled her of her innocence.

Tracing the relationship that began as a result of this episode, the attorney charged that two operations were performed on the young woman at Cumming's instigation; that when the physician refused to perform a third their child, Kenneth, who was in the courtroom yesterday on his mother's lap, was born; that subsequent to the birth of the child two more operations were performed upon her until her health was completely undermined.

He charged further that Cumming repeatedly promised to marry her as soon as he got a divorce from his wife who was Mrs. Elizabeth Waller Cumming, now living in Baltimore. He failed to do this, however, until the mother of his child begged for a name for the boy, when he married her after forcing her to sign an agreement that she would immediately give him a divorce on the charge of desertion that she was to accept $5 a week for six months from him in full settlement of all claims against him, and that he was to pay her $5 a week for support of his son as long as the child remained with her and until he was 16 years of age.

Mrs. Cumming's life, her attorney said, for 11 years was one long tragedy, "unexampled in the history of the criminal jurisprudence of the State." He stated that she was frequently without funds and starving and that Cumming advised her to associate with other men in order to get money.

NEW CLASHES IN DUBLIN

Dublin, April 7.—Tension in Dublin increased yesterday following clashes between soldiers and crowds in the streets Monday night.

Troops raided a building on which the Sinn Fein flag was flying. They arrested four men. In attempting to remove their prisoners in a military truck the troops encountered huge crowds, which blocked the streets in all directions.

Soldiers fixed their bayonets and the truck proceeded slowly. As the crowd pressed forward the motor truck, suddenly opened up with a machine gun, firing into the air. The mob scattered in all directions.

Minor outbreaks continued in many parts of the country. Latest figures placed the total police barracks and tax officers destroyed in the Easter outbreak at 330 in twenty-seven counties.
